Bachelor of Science in Information Technology (B.Sc. IT)

S.K Somaiya College

08/2023 - Present Mumbai

PROJECTS

Gesture to Speak Application

In progress web application to aid communication for differently abled individuals

- Developing a gesture to speech web application to assist speech impaired and differently abled individuals in communication
- Converts hand gestures into text and audible speech using computer vision and gesture recognition techniques
- Focused on accessibility, real-time response, and user-friendly interface design
- Implemented using HTML, CSS, JavaScript, with integration of gesture recognition libraries / APIs
- Aims to bridge the communication gap through assistive technology

Productivity Dashboard

Developed a web-based application for productivity tracking

- Designed and developed a web Based productivity dashboard to help users track tasks and improve time management
- Created a responsive and interactive interface using HTML, CSS, and JavaScript
- Focused on usability, clean design, and performance optimization
- Source code available on GitHub

STRENGTHS

Problem Solving

Strong problem solving and analytical skills

Learner

Quick learner and self-driven
